

Policy on Concert Wear

This policy is endorsed by the Committee and Musical Director, March 2015

The Committee and Musical Director wish to achieve a coherent and uniform appearance for the choral society when performing on stage.

The listed items need to be appropriate to the range of concerts in which we perform to minimise costs to members.

The items must be wearable and practical for a diverse range of members' ages, sizes and colouring and must not be items that will date quickly.

The committee therefore wishes to identify a small list of items which members must provide themselves.

The choral society will provide additional items such as scarves, coloured bowties, cravats etc as appropriate to each concert.

The committee will appreciate it if members can bring their performance attire into line with requirements by the Messiah concert, December 2015.
